HIGH SCHOOL NEWS

The Attendance - Punctuality Banner was received with great delight by Miss Pelley's room, the 2nd and 3rd grades, as they had the highest average. The rooms have all raised their average this week, and all rank closely together. Although we announced that Miss Barton's room had caught the "Banner Spirit," yet we think there are other rooms now inspired and working to raise their average and incidentally to receive the banner.

Below are the averages for the week in all the rooms for the week:

Miss Pelly	—97.53%
Prof. Faulkner	—97.20%
Miss Barton	—96.80%
Miss Parker	—96.49%
Prof. Oldfield	—94.00%
Miss Prater	—93.90%
Prof. Mills	—93.50%

The grade cards for the second six-weeks examinations are not yet completed. However next week the highest general average of the High School student of each class will be in this column of the paper. So be on the "look-out" for the one who ranks first in his class.

The boys of the Barbourville High School will play a game of basket-ball with the Williamsburg boys Wednesday, Nov. 29, at Williamsburg.

This week the water works system of the High School was completed and is certainly very convenient and satisfactory. The drinking fountains at both ends of each hall add much to the attractiveness of our building.

The greatest event of the year will take place sometime in the near future. The exact date will be announced later. You know you cannot afford to miss it because it is not often this opportunity is granted us—to see "The Mikado." This, as doubtless most of you know, is a high-class opera, written by Sir Arthur Sullivan. The students are being well-trained by Mr. Albert Baker, who comes highly recommended, and has had greatest of success in all other colleges and places where he has given it. So let's everyone make it a point to allow nothing to prevent us from attending it. You will hear more of "The Mikado" later.

Meanwhile do not forget it.

The Great Educational Convention of the Upper Cumberland will be held this Friday and Saturday. Be sure and attend this as much as you can for the greatest educators from all over the State will be present and fine addresses will be heard. The Barbourville High School Band will furnish the music. Let us all welcome and entertain the strangers coming within our gates.

Thanksgiving Song.

Beating, beating, always beating,
Onward in harmonious rhyme
Fleeting, fleeting ever fleeting
Are the silvery strokes of time.

Take with thee, O flying minions!
To the endless realms above,
On thy light and measured pin-

ions,
Grace for God's great boundless
love.

For His mercy and endurance,
For our life, our work—and hour.
For the light by which we know
Him,

In His righteous holy power.
For our friends and loved com-

panions,
For our homes and kindred tie.
For our timely admonitions,
To lift our hopes to Him on high.

For the light house in the haven,
Sending force upon the night.
For the lamp that He has given,
To fill our lives with heavenly

light.
For the blessed life of Jesus,
Showing earth and God in one.
Opening up full Heaven's King-

dom,
If we follow follow on.
For the life and courage given
In those words divinely blest
"Come unto me all ye—heavy

laden
And I will give you rest".

Thanksgiving Meeting and Dollar Social.

The Ladies' Aid of the M. E. Church held their annual Dollar Social at the home of Mrs. Lark in C. Miller Friday afternoon, the president, Miss Gertrude Black, presiding.

After the regular routine of business the roll was called, and, following an established custom, each member present responded by placing her offering in the basket held by the hostess and telling how she had earned it.

The program was very interesting and the proceeds amounted to about \$20.00. On account of sickness and other good reasons several of the members were unable to be present, but gave their word that their dollar would be forth coming.

A gift from Mrs. Mollie Grinstead Gibson, formerly of this city but now of Oklahoma, came as a surprise. Several volumes from her father's library, the late J. P. Grinstead, one of the pioneer Methodist ministers, to be placed in the parsonage. For this Thanksgiving offering the ladies desire to extend their thanks and appreciation.

After adjournment, delightful refreshments were served by the hostess, assisted by her sister, Mrs. James S. Miller, and Mrs. Joseph R. Jones. The next meeting will be the Christmas Bazaar.

Danger Signal.

If the fire bell should ring would you run and stop it or would you go and help put out the fire? It is much the same with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done by taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mrs. Thomas Beeching, Andrews, Indiana, writes: "During the winter my husband takes cold easily and catches and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." Obtainable everywhere.

Civic League Holds Interesting Meeting.

The Women's Club held its regular meeting Thursday afternoon at the residence of Mrs. W. H. McDonald on Depot street, the President, Mrs. R. W. Cole, presiding. The first question under discussion was the report of the committee appointed to call on the board of directors of the cemetery regarding the erection of a public vault at the cemetery. Although the committee has made several calls on the president of this board, nothing has yet been accomplished. The president each time saying he has not been able to get a meeting of the board. We do not know who are members of the board of directors, but we are reliably informed there is money sufficient in the treasury to build a public vault of either concrete or brick whereby the people of our town can have somewhere to place their dead in inclement weather until a suitable time for burial. Now, we, as members of the Civic League, urge the directors of the cemetery board to get together and name a date when our committee can call upon them and place this matter before them for their consideration.

The next question discussed was the moonlight school which will be opened next Monday night in the High School building, and all those who have passed the school age and can not read nor write are urged to be present or leave their name with Mrs. R. W. Cole, Mrs. J. D. Black or Mrs. J. R. Tuggle, committee on moonlight schools in this district. All teachers of moonlight schools in the county are asked to send in their report to this committee. Also all names of parents who have children in school age and are not sending them to school. It will be distinctly understood that visitors will not be allowed to attend moonlight schools.

The members of the club were highly entertained with an interesting thirty minute talk by Miss Walker, of Pennsylvania, on Woman's Suffrage. We are informed that an organization of this cause will be formed in Barbourville in December.

A pleasant half hour social was enjoyed by all present, Mrs. McDonald serving delightful refreshments.

DIXIE HIGHWAY.

Chattanooga, Tenn., — "The Dixie Highway can be traveled from Chicago to Florida this winter," said Charles M. Hays, President of the Chicago Motor Club, who arrived in this city after traveling over the detour from Nashville to Chattanooga across Cumberland mountain during a heavy rain and most of the driving on the mountain made after dark. However, he did not advise the average tourist to attempt the mountains after dark and in heavy winter weather, but recommended the detour into Chattanooga via Huntsville, Alabama.

President Hays accompanied by A. C. Parker, chairman of the sign board committee of the club are enroute to Florida in a 1916 Elgin car furnished for the purpose by the Elgin Motor Car Corporation, checking over road conditions along the Dixie Highway to Florida for the benefit of the members and residents of the middle western states who write the club for information.

"There have been so many conflicting statements made by

those who have driven south over the Dixie Highway relative to its present condition, that we wanted to see its condition for ourselves," said President Hays. "I am highly pleased with the progress which has been made, and while there remains uncompleted stretches it is my opinion that the ordinary tourist can get through this year to Florida. The Dixie Highway Association has done a wonderful work. The Association deserves special commendation for the provision for the construction of a first class road between Nashville and Chattanooga, which I am told will be ready by next summer."

In addition to investigating road conditions, the Chicago Motor Club scouts are also keeping tab on charges and service given by hotels and garages, with a view of protecting the tourist from hold-ups. This is in line with the work the Dixie Highway Association is doing. President Hays carries with him letters and greetings from Governor Dunne of Ill. to the Governors of the various states through which he travels.

To The Traveling Public.

You are urgently requested to use the entire road and not drive in the same track all the time as such a procedure will cause the road to rut and, even though it be only for a small depth, water will run down in the ruts and cause the road to deteriorate. A rut is very hard to repair, especially until it gets to be three or four inches deep.

The people should realize the fact that they are paying for the road themselves and should try to preserve same because it is their property.
11-24-3t.
R. Wiley,
Commissioner of Public Roads.

Cough Medicine for Children

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. Y., I doctored two of my children suffering from colds with Chamberlain's Cough Remedy and found it just as represented in every way. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable everywhere.

What would the haters do
without elections?

The next that we expect to
hear from Greece is that the al-
lies have sent King Constantine's
crown to the junk yard.

Great Britain has practically
decided to go to a protective tar-
iff basis. The United States
seems to be still in doubt.

The President's Thanksgiving
Day proclamation gives credit to
Almighty God for the "blessings
of peace and unbroken prosper-
ity" which this country enjoys.
Democratic orators and newspa-
pers have hitherto attributed all
this to Woodrow Wilson and the
policies of the Democratic admin-
istration.

The Progressive party has dis-
appeared in most States as a
definite political entity because
of its failure this year to poll the
requisite number of votes to pre-
serve it as a recognized organi-
zation. The number of progres-
sives, however, is larger than
ever. These men are affiliated,
for the most part, with the Re-
publican party; and that party,
as events will prove even more
strongly than heretofore, is now
the real progressive party of the
country.

We Hope So.

An Atlantic coast fisherman
predicts that there will be an
open winter, basing his predic-
tion on the fact that there has
been a large catch of shad, usual-
ly found in the Hudson river
only in the spring. It is to be
hoped that his prediction will
prove accurate. An open winter
will go far to alleviate the suffer-
ing due to the scarcity and high
cost of coal, clothing and food.

As Business Men Viewed it.

It was rather significant that
when a rumor became current in
New York that an error had been
found in the California count
which might put Hughes in the
White House, there was a vigor-
ous effort on the part of "shorts"
to anticipate an upward move-
ment of values. It was very ev-
ident that if Hughes had been
elected there would have been
much more confidence in the fu-
ture, and values would have ad-
vanced very materially.

The H. C. of L.

Women in New York City to
the number 50,000 are planning
a parade to the city hall in New
York to demand that the mayor
take steps to relieve them from
the high cost of living. Three
years ago, when the Democratic
tariff law had thrown millions of
men out of employment, there
were similar demonstrations in
the effort to get money with
which to buy food at any price.
Now there is plenty of employ-
ment due chiefly to the revival of
business incident to the war in
Europe, but coincident therewith
there has been such a rise in
prices that the situation is not
much less serious for the great
mass of consumers.

A Pertinent Protest.

Shortly before election, Henry
Ford made public announcements
that as a result of a conference
with President Wilson, and thru
Wilson's influence, he had decid-
ed to place his women employes
on an equality with men in the
matter of wages. This won sev-
eral hundred thousand votes for
Wilson in the equal suffrage
states, and, possibly, turned the
election. But now it develops
that President Wilson has not
been practicing in the govern-
ment service under his control
the principles he preached in the
campaign. The National Wo-
men Suffrage Association has
adopted resolutions addressed to
the President and protesting
against discrimination. They
point out that women are exclud-
ed from the competitive exami-
nation soon to be held in 400 cities
for stenographers and typewrit-
ers, and that in the departments
women employes do not receive
equal pay for equal work, as
compared with men. There is
much interest in the action Pres-
ident Wilson will take on the
protest.

How Does This Hit You?

With every swing of the pen-
dulum, at every tick of the clock
we are brought nearer and nearer
to the grave; it is not long until
we shall have the Angel of death
to kiss our eyelids down to be
still forever, and then when we
come to the end, will we look
back over a mispent life and re-

gret the day we were born?
If we are what we should be,
if we have said some kind word,
if we have done some kind act,
if we have told the truth and
paid our just debts, and have
done something to help the com-
munity generally, if we have
gone to the poll, if we have lived
the religion our heart dictates
that we should live, if we have
dried the tear from the eye of a
widow and have cared for the
orphan, if we have done some-
thing to help the fallen women,
if we have pulled some poor
drunk out of the mud, if we have
gone to the home where lies the
cold and clammy piece of clay, that
was once our fellow man, said
some little word to the weeping
wife, and put our hands on the
heads of the little ones that are
left alone, if we have proven our-
selves worthy of the confidence
of mankind, then we have not
been a failure in the world, ex-
cept for one class of people.
They are that class who have a
religion that says to them to keep
out of politics. We doubt not
any man's religion. The man
who prays to an image, the man
who believes he must make sac-
rifices, the man who believes in
self-torture, and even the Hindoo
mother who believes that it is
right for her to sacrifice her own
offspring to her religion, are en-
titled to their own belief. But
the man who is so over zealous
in his personal friend, even tho
he is not qualified to hold an office,
is the one person to blame.
Men should go to the polls and
cast their vote. The only way
to clean out the house of cor-
ruption, the way to do a kindness
to yourself and to your neighbor,
is to go to the polls and vote for
the man who is running for an
office who is qualified.

Electric Sparks.

Nothing is quite so trying as
suspense, is there?

California would have made up
its mercurial mind more quickly
if either of the contestants had
been a native son.

Mr. Hughes may derive some
comfort from having thought for
a number of hours that he was
the "next president."

America's stand has been for
peace, complicated with an ex-
tensive manufacture of arms and
ammunition.

tion, so Henry Ford may regard
it as a drawn battle.

Critics have decided that there
is an American language. There
is, but it is to be spoken, not
written.

Electing a president is com-
paratively easy, but counting the
ballots is an awful job.

No matter who plays, in most
of the football games the ticket
scalpers are winners.

Prohibition elects no president,
but it goes marching on victor-
iously from state to state.

One of the joys of a close
election is the labor it affords ex-
perts in "analyzing the returns."

Is it the result of California's
remarkable climate that made
the count so slow.

Why not a tag day for defeat-
ed candidates? It would be
enormously popular with the can-
didates.

One can have little sympathy
with the poor sports who gave
up and forfeited their election
bets before all the returns were
in.

he counts the prohibition victory
as a personal vindication.

"Cured"

Mrs. Jay McGee, of Steph-
enville, Texas, writes: "For
nine (9) years, I suffered with
womanly trouble. I had ter-
rible headaches, and pains in
my back, etc. It seemed as if
I would die, I suffered so. At
last, I decided to try Cardui,
the woman's tonic, and it
helped me right away. The
full treatment not only helped
me, but it cured me."

TAKE

Cardui

The Woman's Tonic

Cardui helps women in time
of greatest need, because it
contains ingredients which act
specifically, yet gently, on the
weakened womanly organs.
So, if you feel discouraged,
blue, out-of-sorts, unable to
do your household work, on
account of your condition, stop
worrying and give Cardui a
trial. It has helped thousands
of women—why not you?

The Running for County Office.

(Should have been published last
week.)

In last week's we spoke of the
fellows who were in the running
for the various County offices and
we said then that the half had
not been told. Since then we
have thought of some others who
are seeking to, and, possibly will,
muddy the water.

For County Judge we find that
in addition to those mentioned
last week are John M. Tinsley,
who has served as a member of
the Legislature, and who has a
wide acquaintance and who has
made good in the financial world.
Then there is "Uncle Charley"

Baya who it is said thinks he can
win this race as easily as he did
the race for Representative last
year.

In the matter of who will be
Sheriff of the County there is
James L. Westerfield, of Warren,
son of W. F. (Tip) Westsfield,
who says he will collect the tax-
es, summon the jurors, and per-
form the other duties pertaining
to that office. Then there is yet
another who says he will have
all the duties of the Sheriff of
Knox County to perform. He is
Richard C. Partin, of Artemus.

Some we did not mention for
Jailor last week are good mater-
ial for that office. There is E. J.
Wyrick, brother of John W.
Wyrick Ex-Mayor of Corbin, and
an uncle of P. J. Wyrick, of
Girdler. Mr. Wyrick once lived
in the Richland community as
well as having been a resident of
Corbin. He now lives in this
city. John Allen, of Wilton, a
minister of the gospel, also wants
to perform the duties of Jailor for
the next four years. B. F. Burch
is also a candidate for this office.

The race for Assessor has many
more than was mentioned last
week and maybe many more
than we will mention this week.
There is James H. Warren, who
lives near Flat Lick and is relat-
ed to many of the voters of that
community. He has been a
teacher in the county schools for
many years. Newton Jackson,
of Cannon, is a candidate for
that office. In his infancy, al-
most, he lost one of his legs and
has, by hard work, qualified him-
self to fill this place.

For Superintendent we have
some who have not been men-
tioned. Mrs. John W. Hughes,
a teacher with years' of experi-
ence, will make the race. Saw-
yer Mills and Woodson Smith are
both spoken of as possible candi-
dates.

Baker Like Editor.

Why shouldn't the baker advance the price of bread? They are in the same fix as every other man in business especially the printer and newspaper man. Prices of everything bakers and printers use have doubled and they must increase prices for their output or go broke.

The Model Bakery.

Everything on the Bum.

Last Monday was County Court day and it looked like all the fellows who have heretofore had business had finished in all up, and that the only thing to do now is to get ready for the approaching winter. The Master Commissioner had some sales advertised, but continued them until he could get a better audience. It may be that times will open up soon, or enough so at least, until the Commissioner can get as much as one bid on the property put up to be sold.

Barbourville proof is what you want and the statement of this highly respected resident will banish all doubt: R. F. Harbin, blacksmith, Main St., Barbourville, says: "My work is hard on my back and kidneys. At one time I got down with my back, so that I couldn't work. I had rheumatic twinges in my joints and limbs and my kidneys acted irregularly, especially at night, which broke my rest. I used Doan's Kidney Pills, procured from the Costello Drug Co. and they promptly rid me of the back aches and rheumatic twinges. Doan's Kidney Pills are the best kidney medicine I have ever used." 50c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, New York.
